GOLDTOUCH ELITE NUMERIC KEYPAD

The Goldtouch Elite Numeric Keypad is the perfect companion for the Elite Keyboard. Position it next to your keyboard when doing data entry, and easily swap it out with your mouse when not in use. This standalone numeric keypad makes it easy to achieve the ergonomic desktop you deserve. With its low-profile Cherry MX Red mechanical keys and the right amount of tactile and audible feedback, number crunchers will enjoy the ease of having a dedicated numeric keypad at their fingertips.
