High-quality workspace solutions
BakkerElkhuizen specialises in developing high-end, ergonomic hard- and software solutions that contribute to the physical and mental wellbeing of computer users. Our innovative solutions encourage employees to achieve better wellness at work, become more productive, adopt healthy postures and alternate between them to increase movement. Our hard- and software solutions are distributed via an extensive network of national and international resellers and distributors.

WORK & MOVE™ Software
Healthy and efficient working practices do not always go hand in hand. BakkerElkhuizen offers a unique proposition for this challenge, comprising an optimal mix of ergonomic hardware and smart WORK & MOVE™ software. Because we believe passionately in combining health, comfort and performance. The WORK & MOVE™ software includes four tools that structurally improve the working comfort and efficiency of each individual knowledge worker and of the organisation as a whole.
We believe passionately in combining health, comfort and performance. WORK & MOVE is software that demonstrably and structurally improve the working comfort and efficiency of each individual knowledge worker and of the organisation as a whole.

WORK & MOVE is your personal coach, providing enough alternation between digital screen work and mental and physical movement. Insight and feedback are given on your computer behaviour.

BakkerElkhuizen WORK & MOVE Analytics

Real time: WORK & MOVE Analytics provides insight into and overview of groups and departments.

Trends: analyse trends, developments and correlations across days, weeks, months and years.

Policy: concretely substantiate your Health & Safety policy with the help of objective data.

SAAS: WORK & MOVE Analytics is a Software as a Service (SAAS) solution. Setting it up is easy and quick.

Privacy: the software meets all GDPR requirements with regard to privacy protection.

Product code: BNEWMANA

BakkerElkhuizen WORK & MOVE

Tips: proactive personal tips for smarter and healthier working.

Insight: gain insight into your progress on health, skills, movement and concentration on tasks.

Workspace passport: record your personal workstation settings in your passport.

Reward: WORK & MOVE rewards healthy behaviours. You will receive trophies, cups and compliments for healthy behaviour.

Variation: by varying your posture, moving more and working smarter your concentration and productivity increases.

Product code: BNEPITSTOPS1Y3
Unnatural postures which occur using a standard mouse increase the risk of discomfort in wrists and forearms. Ergonomic mice reduce muscle tension in comparison with standard flat mouse devices and are much more comfortable. There are many options and the most suitable depends on the type of work carried out, existing injuries and personal preference.

**Evoluent D Wired**

Design: the Evoluent D has a luxurious and smooth design.

Fingers: this mouse is designed to ensure your fingers are in the perfect position.

Buttons: five easy-to-reach buttons and a clickable scroll wheel.

Ergonomic: improves the posture of your arm and wrist with the vertical grip.

Easy: easily change the cursor speed to suit your preference.

Acclimatization time: very short due to the natural handshake position.

Dimensions: 86 x 110 x 78 mm (W x D x H)

Weight: 174 gr

Product code: BNEEVRD (Multiple versions)

**Evoluent D Wireless**

Design: the Evoluent D has a luxurious and smooth design.

Fingers: this mouse is designed to ensure your fingers are in the perfect position.

Buttons: five easy-to-reach buttons and a clickable scroll wheel.

- **Connection:** the USB cable is 140 cm long.

**Dimensions:** 390 x 102 x 23 mm (W x D x H)
**Weight:** 405 gr
**Product code:** BNEESLB
Compact keyboards bring the mouse within comfortable reach, thereby reducing stress on the arms and shoulders. Using a compact keyboard is more comfortable than using standard keyboards (Van Lingen et al., 2003).

Around 90% of users never or rarely use the numeric part of the keyboard (Cakir, 2008) so for the most part it is not required. When the numeric pad is used it should be possible to place it for left or right handed use.

### BakkerElkhuizen UltraBoard 960 Compact Standard

- **Narrower**: despite the fact that this keyboard includes a numerical keypad, it is still considerably narrower than a “normal” keyboard.
- **Concave keys**: the surface of the keys is designed to automatically guide your fingers to their center.
- **Size**: because of its compact size, this keyboard will easily fit in your backpack, so you can take it with you wherever you go.
- **Color**: the UltraBoard 960 has white keys with dark letters.
- **USB hub**: two easy-to-reach USB ports.
- **Ideal**: for employees with a permanent workstation who want to create more space on their desk.

Dimensions: 363 x 147 x 19 mm (W x D x H)
Weight: 628 gr
Product code: BNEU960SCUS (Multiple versions)

### BakkerElkhuizen UltraBoard 950

- **Compact**: the keyboard is thinner, narrower and shallower than the S-Board 840.
- **Ergonomic**: its compact shape enables you to adopt a better working posture, with fewer lower arm complaints as a result.
- **Modern**: the UltraBoard 950 has a modern and stylish design.
- **Keys**: a light keystroke, dark letters on a light background and less noise when typing.

Dimensions: 285 x 147 x 19 mm (W x D x H)
Weight: 455 gr
Product code: BNEU950US (Multiple versions)
BakkerElkhuizen UltraBoard 950 Wireless

Compact: The keyboard is thinner and less wide and deep than its predecessor, the UltraBoard 940.
Ergonomic: Because of its compact form you will adopt a better work posture, resulting in fewer forearm problems.
Modern: The UltraBoard 950 Wireless has a modern and stylish design.
Keys: A light key touch, dark letters on a light background, and less noise while typing.

Dimensions: 285 x 147 x 19 mm (W x D x H)
Weight: 430 gr
Product code: BNEU950WUS (Multiple versions)

---

BakkerElkhuizen UltraBoard 955 Numeric

Suitable: the UltraBoard 955 Numerical is the ideal keyboard for you if you regularly have to enter data and often use spreadsheets and financial software.
Alternate: using a stand-alone numerical keyboard allows you to switch between left- and right-handed data entry, which increases both your comfort and your productivity as you work.
Quality: the laptop-style keystroke (with a scissors mechanism instead of a membrane system) reduces the volume of your typing and offers better sound absorption.

A compact keyboard does not feature a numerical keypad. This allows users to position their mouse closer to their keyboard. Research shows that 90% of all keyboard users rarely or never use their numerical keypad.

A compact keyboard is more comfortable to use, because it reduces the distance to your mouse (Cook C, et al., 1998). This limits the strain on the user’s lower arms and shoulders.

Dark letters on a clear background are easier to read (ISO 9241) and contribute to increased productivity (Snyder, 1990).
Optimal layout: full size keys, extra wide space-bar and easy access arrow keys.
Numeric: optional numeric pad available.
Ergonomic: responsive typing feeling for touch typists.

Dimensions: 87 x 147 x 19 mm (W x D x H)
Weight: 134 gr
Product code: BNEU955NUM

---

BakkerElkhuizen S-board 840 Design USB

Handy: multimedia keys and 2 USB ports.
Optimal layout: full size keys, extra wide space-bar and easy access arrow keys.
Numeric: optional numeric pad available.
Ergonomic: responsive typing feeling for touch typists.
Mobile: only 0.8 inches thick and 1 lb.

Dimensions: 305 x 165 x 20 mm (W x D x H)
Weight: 480 gr
Product code: BNES840DUS (Multiple versions)

---

BakkerElkhuizen S-board 840 Design No Hub

Optimal layout: extra wide space-bar and user-friendly positioned arrow keys.
Mobile: only 2 cm thick and lightweight.
Ergonomic: pleasurable typing feeling (shear mechanism instead of membranes).

Dimensions: 305 x 165 x 20 mm (W x D x H)
Weight: 480 gr
Product code: BNES840DNHUS
BakkerElkhuizen S-board 840 Design Numeric

Compatible: pair with the S-board 840 or the UltraBoard 940 compact keyboard.
Including: calculator functionality.
Smart: extendable USB cable.
Quality: comfortable responsive keys.
Unique: multiple calculation shortcut keys for quick number processing.
Connection: USB.

Dimensions: 95 x 165 x 21.5 mm (W x D x H)
Weight: 120 gr
Product code: BNES840DNUM

Goldtouch Goldtouch Adjustable V2

Meets individual needs: adjust keying position both vertically and horizontally for increased comfort.
Ergonomic: compact design means less reaching to operate the mouse.
Keys on the left side: better allocation of work between left and right arm.

**Extra:** 2 USB ports (left and right).

**Colours:** available in black or white.

**Dimensions:** 153 x 97 x 31 mm (W x D x H)

**Weight:** 300 gr

**Product code:** BNEGTWINUM (Numeric White)

**Product code:** BNECTBNUM (Numeric Black)
Notebook stands raise the screen of a laptop to a comfortable viewing height. This places much less stress on the neck enabling more comfortable work.

BakkerElkhuizen notebook stands that have an inbuilt document holder have been independently tested. Our stands increase productivity by 17%, reduce stress on the neck by 32% and result in a 21% increase in comfort (Lindblad et al., 2004).

**FlexTop 170**

- **Mobile:** easily folds to a compact size of 206 x 277 x 7 mm and at only 225 g very easy to carry.

- **Unique**: patented integrated document holder to increase data input speed.
- **Ultra mobile**: weighs just 8.5 oz and is 0.25 inches thick so fits in any notebook case.
- **High quality**: Hylite aluminum, rubber anti-slip feet and protective foam to hold laptop.
- **Easy laptop set-up**: document holder folds open for easy access to laptop.
- **Suitable**: 12" laptops

- **Dimensions**: 185 x 244 x 6 mm (W x D x H)
- **Weight**: 240 gr
- **Product code**: BNEQ26012

---

**BakkerElkhuizen Ergo-Q 330**

- **6 height settings**: 4.3 - 7.5".
- **Patented**: integrated document holder to increase data input speed.
- **Portable**: lightweight and folds flat to fit in any notebook case.
- **Material**: ABS plastic with protective rubber feet.
- **Award winning design**: Ergonomics Excellence Award.
- **Suitable**: for laptops up to 17".

- **Dimensions**: 228 x 310 x 13 mm (W x D x H)
- **Weight**: 490 gr
- **Product code**: BNEQ330
BakkerElkhuizen FlexTop 270

Height: 7 adjustable height positions (backside height: 9-22 cm).

Lightweight: only weighs 320 gr.

Money-saver: an external monitor is not needed and you will have more workspace.

Material: Hylite aluminium and rubber anti-slip brackets.

Always handy: the FlexTop 270 can be easily attached to the laptop.

Fit: the FlexTop 270 fits all laptops up to 15.6" screen size.

Dimensions: 300 x 275 x 6 mm (W x D x H)
Weight: 320 gr
Product code: BNEFT270

BakkerElkhuizen FlexTop 270 12 inch

5 different height settings: height range at back: 7-16 cm.

Truly integrates ergonomics: attaching Flex Top to your notebook.

Lightweight: only 180 g.

Money saver: no external monitor is needed and desk space is saved.

Material: Hylite (light aluminum) and protective rubber feet.

Suitable: 12 inch laptops.

Dimensions: 268 x 210 x 6 mm (W x D x H)
Weight: 180 gr
Product code: BNEFT27012

BakkerElkhuizen Q-note 350

7 height settings: 4.3 - 9 inch elevation.

Design: clear acrylic with clean lines. Compliments any workspace design.

Suitable: for notebooks from 14 - 20 inches.

Cable management: clip on backside.

Material: sturdy, robust acrylic.

Dimensions: 350 x 280 x 120 mm (W x D x H)
Weight: 630 gr
Product code: BNEQNOTE350
Using a tablet holder raises the device higher improving neck posture and the viewing angle. If the tablet is used regularly for typing, a separate keyboard and mouse should be used.

**BakkerElkhuizen Ergo-Q Hybrid**

- **Multifunctional**: compatible with many tablets. Can also be used as a stand for hybrid laptops.
- **Layout**: has 4 adjustable heights for tablets.
- **Unique**: the Ergo-Q Hybrid was developed especially for the Microsoft Surface Pro 4. You can lock the tablet into position (lock functionality).
- **Compatible**: the Ergo-Q Hybrid can also be used with many tablets, like the Galaxy Tab A 10.1, iPad (2017), iPad Air 2, Galaxy Tab S2 9.7”, iPad Pro, Galaxy Tab 3, Surface Pro (2017) and Surface Pro 3 without lock functionality.
- **Ultra-thin**: Only 0.5 inches.
- **Ergonomic**: Finally a solution for tablet users to achieve healthy posture.

- **Dimensions**: 202 x 293 x 15 mm (W x D x H)
- **Weight**: 600 gr
- **Product code**: BNEQH

**BakkerElkhuizen Ergo-Q 260**

- **5 height settings**: 3.5 - 8.25 inches.
- **Patented**: integrated document/tablet holder. Use a laptop and tablet at once and in line.
- **Ultra-mobile**: the Ergo-Q260 ergonomic tablet holder has an A4 format, is 7 mm thin, and weighs only 390 gr.
- **Top quality**: Hylite aluminium, anti-slip brackets, and protective inner lining
- **Document holder**: the document holder can be put in front, making it easy to position the laptop.
- **Suitable**: For laptops up to 15.6 inch.

- **Dimensions**: 230 x 310 x 7 mm (W x D x H)
- **Weight**: 390 gr
- **Product code**: BNEQ260
**BakkerElkhuizen Ergo-Q 220**

5 different height settings: height range at back: 11-24 cm.

Ultra mobile: lightweight, completely foldable, fits in any notebook case.

High quality: Hylite aluminum, rubber anti-slip feet and protective foam inside results in a rigid workstation.

Design classic: winner of Ergonomics Excellence, Dutch Teleworking and Good Industrial Design Award.

Suitable: for all laptops up to 17 inch.

Dimensions: 230 x 310 x 9 mm (W x D x H)

Weight: 430 gr

Product code: BNEQ220

---

**BakkerElkhuizen FlexTop 270 12 inch**

5 different height settings: height range at back: 7-16 cm.

Truly integrates ergonomics: attaching Flex Top to your notebook.

Lightweight: only 180 g.

Money saver: no external monitor is needed and desk space is saved.

Material: Hylite (light aluminum) and protective rubber feet.

Suitable: for all tablets/laptops up to 12,5'

Dimensions: 268 x 210 x 6 mm (W x D x H)

Weight: 180 gr

Product code: BNEFT27012
Document holders bring keyboard, document and screen into a straight line for comfortable working. When documents are placed to the side this causes unnecessary strain on the neck.

Using an in-line document to bring everything into a straight line shortens viewing distances, increasing productivity.

**BakkerElkhuizen FlexDoc Circular**

*Recycled material:* the FlexDoc is produced using recycled material made from plastic bottles. **100% Circular:** from cradle to cradle. **Ergonomic:** reduces the strain on your neck and eyes and prevents neck pain and headaches.

- **Dimensions:** 385 x 260 x 80 mm (W x D x H)
- **Weight:** 296 gr
- **Product code:** BNEFDCLGY (Light grey)
- **Product code:** BNEFDCGRN (Green)

**BakkerElkhuizen Q-doc 100 Circular**

*Recycled material:* the Q-doc 100 is produced using recycled material made from plastic bottles. **100% Circular:** from cradle to cradle. **Material:** despite the material being felt, it is extremely strong and durable.

- **Dimensions:** 455 x 290 x 95 mm (W x D x H)
- **Weight:** 341 gr
- **Product code:** BNEQDOC100CLGY (Light grey)
- **Product code:** BNEQDOC100CGRN (Green)
BakkerElkhuizen Q-doc 515 Circular

**Key Features**
- **Recycled material:** The Q-doc 515 is produced using recycled material made from plastic bottles.
- **100% Circular:** From cradle to cradle.
- **Ergonomic:** Reduces the strain on your neck and eyes and prevents neck pain and headaches.

**Dimensions:** 450 x 295 x 95 mm (W x D x H)

**Weight:** 478 gr

**Product code:**
- BNEQDOC515CGRN (Green)
- BNEQDOC515CLGY (Light grey)

BakkerElkhuizen Q-doc 100

**Key Features**
- **Ergonomic:** Reduces neck and eye strain and prevents neck pain and headaches.
- **Efficient:** Short viewing distances between document, screen and keyboard.
- **Suitable for:** Books of all thicknesses and heavy files.
- **Fixed:** A fixed and optimised viewing angle of 30 degrees.
- **Clean-Desk:** A full-sized keyboard fits under the Q-doc 100.
- **Material:** High-quality clear acrylate. Using acrylate creates a stable surface for heavy binders.

**Dimensions:** 505 x 285 x 100 mm (W x D x H)

**Weight:** 1.0 kg

**Product code:** BNEQDOC100

![BakkerElkhuizen Q-doc 100](image)
**BakkerElkhuizen Q-doc 100 Special**

**Ergonomic:** reduces neck and eye strain and prevents neck pain and headaches.
**Efficient:** short viewing distances between document, screen and keyboard.
**Suitable for:** books of all thicknesses and heavy files.
**Fixed:** A fixed and optimised viewing angle of 30 degrees.
**Clean-Desk:** you can stow a full-sized keyboard under the Q-doc 100 Special.
**Material:** high-quality clear acrylate. Using acrylate creates a stable surface for heavy binders.

**Dimensions:** 505 x 285 x 100 mm (W x D x H)
**Weight:** 1.0 kg
**Product code:** BNEQDOC100SP

**BakkerElkhuizen Q-doc 515**

**In-line workstation:** creating a straight line of vision from keyboard to screen.
**Ergonomic:** decreases neck pain, eye strain and discomfort and increases data input speed.
**Height adjustable:** 7 positions (12° - 46°) for best viewing angle and alignment to the screen (4.75 - 9.5 inches at the back).
**Strong:** supports all kinds of document, even heavy files.
**Handy:** allows storage of full-size keyboard.
**Material:** Clear acrylic.

**Dimensions:** 515 x 290 x 120 mm (W x D x H)
**Weight:** 1.2 kg
**Product code:** BNEQDOC515

**BakkerElkhuizen Q-doc 515 Satin**

**Ergonomic:** reduces neck and eye strain, and prevents neck problems and headaches.
**Distance:** short viewing distances between document, screen and keyboard.
**Suitable:** the Q-Doc 515 Satin can be used with a few sheets of paper or with a heavy binder.
**Height adjustable:** 7 positions (12°-46°) for an optimal viewing angle and connection with the screen (12-24 cm on the back).
**Convenient:** provides storage space for a full-size keyboard, the space under the front is 43 mm.

**Dimensions:** 515 x 290 x 120 mm (W x D x H)
**Weight:** 1.2 kg
**Product code:** BNEQDOC515S

**BakkerElkhuizen Q-doc 415**

**Ergonomic:** less strain on the neck and eyes, and prevents neck problems and headaches.
**Distance:** short viewing distances between document, screen and keyboard.
**Multifunctional:** suitable for thick books and heavy binders.
**7 Positions (12°-46°):** for an optimal viewing angle and alignment with the screen (12-24 cm on the back).
**Convenient:** has storage space for compact keyboard, 45-mm space under the front.

**Dimensions:** 390 x 275 x 115 mm (W x D x H)
**Weight:** 1.1 kg
**Product code:** BNEQDOC415
BakkerElkhuizen Q-doc 415 Satin

Non-reflective: frosted acrylic.

Creates an in-line workstation: document holder is placed between screen and keyboard, that prevents undue head and neck movements.

Height adjustability (7 positions from 12° - 46°): for best viewing angle and alignment to the screen (12 till 24 cm at the back).

Suitable: this holder is suitable for light and heavy documents.

Handy: allows compact keyboards to be stored.

Space under front side: 45 mm.

Dimensions: 390 x 275 x 115 mm (W x D x H)

Weight: 1.1 kg

Product code: BNEQDOC415S

BakkerElkhuizen Q-doc 500

Ergonomic: reduces strain on the neck and eyes, and prevents neck problems and headaches.

Efficient: short viewing distances between document, screen and keyboard.

Suitable: this document holder fits any thick book and heavy binder.

Fixed: a fixed viewing angle of 30 degrees.

Clean desk: you can fit a full-size keyboard under the Q-doc 500.

Material: clear acrylic.

Dimensions: 500 x 280 x 200 mm (W x D x H)

Weight: 1.2 kg

Product code: BNEQDOC500

BakkerElkhuizen Q-doc 400

Ergonomic: reduces neck and eye strain and prevents neck problems and headaches.

Efficient: short viewing distance between document, screen and keyboard.

Adjustable: the viewing angle has 6 adjustable positions (posterior height: 12-24 cm).

Multifunctional: can be used in both fixed and flex workspaces.

Practical: foldable and portable.

Material: Hylite aluminium sandwich.

Dimensions: 370 x 280 x 27 mm (W x D x H)

Weight: 480 gr

Product code: BNEQDOC400

BakkerElkhuizen FlexDoc Cristal Clear

Ergonomic: reduces neck complaints and eye problems. Your work will be easier and faster.

Aligned workstation: the document holder is placed between the screen and the keyboard, preventing unnecessary head and neck motions.

Multifunctional: suitable for fixed as well as flex workspaces.

Dimensions: 384 x 260 x 70 mm (W x D x H)

Weight: 850 gr

Product code: BNEFDCC
Monitor Stands

The top of a monitor should be roughly in line with users eyes. This optimum position increases comfort and reduces the risk of injury. Productivity also goes up by 10% compared with an incorrectly positioned screen (Sommerich et al., 1998).

To reduce eye strain and ensure easy long term viewing of the screen it should be placed roughly an arms length away when a user is sat correctly.

Q-riser 110 Circular

Recycled material: the Q-Riser 110 is produced using recycled material made from plastic bottles. 
Cable management: cable guide for your monitor's cables.
100% circular: from cradle to cradle
Dimensions: 375 x 250 x 75 mm (W x D x H)
Weight: 376 gr
Product code: BNEQR110CLGY (Light grey)
Product code: BNEQR110CGRN (Green)

BakkerElkhuizen Q-riser 50 Circular

Design: Dutch design & Made in Holland. High-quality appearance.
100% circular: from cradle to cradle
Cable management: neatly hide your monitor cables from view.
Dimensions: 300 x 250 x 50 mm (W x D x H)
Weight: 224 gr
Product code: BNEQR50CLGY (Light grey)
Product code: BNEQR50CGRN (Green)
Q-riser 90 Circular

100% circular: from cradle to cradle
Recycled material: the Q-Riser 90 is produced using recycled material made from plastic bottles.
Cable management: cable guide for your monitor’s cables.

Dimensions: 300 x 250 x 90 mm (W x D x H)
Weight: 307 gr
Product code: BNEQR90CGRN (Green)
Product code: BNEQR90CLGY (Light grey)

BakkerElkhuizen Q-riser 50

Design: Dutch design & Made in Holland. A high-quality appearance.
Ergonomic: this stand enables you to obtain the correct working height easily.
Cable management: your monitor cord is neatly stowed.
Standard height: 5.5 cm. Perfect for flat-screen displays with their own integrated height-adjustable support.
Material: clear acrylate, this eight-millimetre-thick acrylate provides a sturdy and stable base.
Load capacity: maximum 16 kg.

Dimensions: 372 x 281 x 53 mm (W x D x H)
Weight: 1.1 kg
Product code: BNEQR50

BakkerElkhuizen Q-riser 90

Fixed height: 9 cm.
Suitable: for flatscreen monitors.
Cable management: integrated.
Material: clear acrylic.

Dimensions: 380 x 200 x 95 mm (W x D x H)
Weight: 910 gr
Product code: BNEQR90

BakkerElkhuizen Q-riser 100

Fixed height: 4 inches.
Suitable: for both flat screen and CRT monitors.
Smart: space to store a full-size keyboard.
Cable management: integrated.
Material: clear acrylic.

Dimensions: 310 x 280 x 105 mm (W x D x H)
Weight: 1.1 kg
Product code: BNEQR100
BakkerElkhuizen Q-riser 110

**Practical:** adjustable to two heights (7.5 cm and 10.5 cm). It also has a larger surface area, making it suitable for modern widescreen displays.

**Ergonomic:** this stand enables you to obtain the correct working height easily.

**Cable management:** your monitor cord is neatly stowed.

**Design:** Dutch design & Made in Holland. A high-quality appearance.

**Material:** Clear acrylate, this eight-millimetre-thick acrylate provides a sturdy and stable base.

BakkerElkhuizen Q-deskmanager 150

**5 height positions:** 9-10-12-14-16 cm.

**Smart:** storage space underneath monitor.

**Cable management:** integrated cable holder.

**Extra:** holder for PDA, mobile phone, i-pod or calculator.

**Complies:** with legal requirements for healthy desktop computing.

**Suitable:** for flatscreen monitors.

- **Dimensions:** 310 x 330 x 90 mm (W x D x H)
- **Weight:** 1.8 kg
- **Product code:** BNEQDM150
The top of a monitor should be roughly in line with users’ eyes. This optimum position increases comfort and reduces the risk of injury. Productivity also goes up by 10% compared with an incorrectly positioned screen (Sommerich et al., 1998).

A monitor arm allows the screen to be easily positioned for different tasks and when the user moves position for comfort. Another benefit of a monitor arm is that more space is created on the desk.

**Layout**: cables are concealed inside the arm.  
**Handy**: base features a USB port and audio slots.  
**Flexible**: screen can be used flat, vertically and horizontally.

- **Dimensions**: 550 x 115 x 520 mm (W x D x H)  
- **Weight**: 3.0 kg  
- **Product code**: BNESO11
Switching between sitting and standing while working creates more variation in posture throughout the day. This reduces discomfort in the back, neck and shoulders compared with sitting at a regular desk (Choi, 2010; Rabbit et al., 2008; Hedge and Ray, 2004; Karlqvist, 1998).

The effect of alternating between standing and sitting postures results in concentration levels remaining higher for longer (Ebara, et al., 2008). Work performance and the quality of output also improves. (Garrett et al, 2016; Choi, 2010; Hedge and Ray, 2004).

BakkerElkhuizen WORK & MOVE Desk

**Easy to change:** you only set your desired sitting and standing height once.  
**Version:** available in two versions.  
**Adjustment:** the table is easy to adjust in height.

- **Dimensions:** 1600 x 800 x 1260 mm (W x D x H)  
- **Weight:** 44.7 kg  
- **Product code:** BNEWMDBTW160 (Multiple versions)

BakkerElkhuizen WORK & MOVE Desk Home

**Simple operation:** this sit-stand desk is equipped with a control lever that allows you to adjust the desk to the desired height in no time.  
**The WORK & MOVE software:** tells you after setting your personal sit and stand moments when it is time to sit and stand.  
**The compact size:** makes it fit perfectly in your home office or can serve as a home workplace.

- **Dimensions:** 1200 x 700 x 1130 mm (W x D x H)  
- **Weight:** 32.0 kg  
- **Product code:** BNEWMDHWTW120 (Table top White 120 x 70 cm)  
- **Product code:** BNEWMDHFW (Frame: White)
InnoDesk

**Easy:** no tools required for assembly thanks to our patented Twist & Lock™ system.
**Automatic:** height-adjustable using the WORK & MOVE (SitStandCOACH and PitStops) software supplied or the on-table controls.
**Design:** award winning modern European design.
**Assembly time:** under 5 minutes.
**Height:** 25.5 - 52.75 inches.

Dimensions: 1600 x 800 x 650 mm (W x D x H)
Weight: 55.3 kg
Product code: BNEIQ5SDG155

Honeycomb Dlite

**Mobile:** lightweight, so easy to move.
**Simple:** the height of the desk is easy to adjust (30.03 - 44.85 inches)
**Multifunctional:** suitable for numerous purposes.
**Shape:** unique and modular thanks to the honeycomb design.
**Variation:** enables effective alternation between sitting and standing during work.
**Preventative:** prevents complaints by simply changing position.

Dimensions: 865 x 750 x 1160 mm (W x D x H)
Weight: 18.5 kg
Product code: BNEHCDTB

BE Safety Screens Side Panel

**Safety:** With BE Safety Screens you and your colleagues remain at a safe distance.

**Material:** both PET felt and acrylic are 100% recyclable

**Simple:** BE Safety Screens are easy to install and clean.

Product code: (Multiple versions)
Footrests are essential for people who can not sit with their feet flat on the floor when the rest of their workstation has been set up to support a good posture. This often happens with fixed height desks.

The adjustable range, the angle and a wear-resistant surface are important.

### Basic 950

**Ergonomic:** height adjustable (30-195 mm) and adjustable angle provides stable support for the feet.

**Comfortable:** contoured foot platform to minimize slip.

**Setting up with:** hand.

**Dimensions:** 420 x 320 x 50 mm (W x D x H)

**Weight:** 4.4 kg

**Product code:** BNEFRB950

### Basic 952

**Ergonomic:** height adjustable (2.25 - 10.5 Inches) and adjustable angle provides stable support for the feet.

**Comfortable:** contoured foot platform to minimize slip.

**Adjustable:** easy to adjust with feet.

**Dimensions:** 420 x 320 x 80 mm (W x D x H)

**Weight:** 5.9 kg

**Product code:** BNEFRB952
Product catalogue 2022

Pro 952 Footrest

User friendly: adjust the height with 1 foot.
Convenient: anti-slip base.
Design: solid and compact.
Height: adjustable height from 8-30 cm.
Angle: adjustable to 90 degrees.

Dimensions: 440 x 320 x 80 mm (W x D x H)
Weight: 5.5 kg
Product code: BNEFRP952

Pro 959 Footrest

Ergonomic: height adjustable (2.25 - 14.5 inches) and adjustable angle provides stable support for the feet.
Comfortable: large foot platform (19.25 x 15.75 inches).
Adjustable: easy height setting with feet.

Dimensions: 490 x 400 x 90 mm (W x D x H)
Weight: 7.4 kg
Product code: BNEFRP959

Footform Dual

"Dual" version: height adjustable 4 to 30 cm (BNEFFD).
Ergonomic: steady, safe and has anti-slip layer.
Handy: with the red button easy height adjustable.

Dimensions: 450 x 390 x 430 mm (W x D x H)
Weight: 6.5 kg
Product code: BNEFFD

Footform Standard Low

"Standard Low" version: height adjustable 4 to 17 cm (BNEFFSL).
Ergonomic: steady, safe and has anti-slip layer.
Handy: with the red button easy height adjustable.

Dimensions: 450 x 390 x 430 mm (W x D x H)
Weight: 6.5 kg
Product code: BNEFFSL
A desktop PC placed on a desk under the monitor takes up a lot of space. The alternative is often to place the PC under the desk on the ground. This increases the risk of dust getting into the PC, makes cleaning more difficult and crucially; reduces the space to move legs and feet under the desk.

A CPU holder enables the PC to be hung under the desktop keeping the PC off the floor and creating space.

**Fix**

- **Space-saving:** creates more desk space.
- **Protection:** keeping the CPU off the Floor, preventing damage due to cleaning or stray feet.
- **Easily accessible:** accessing power on/off switches, CDs and USB ports.
- **Clean:** away from dust and easier for vacuuming around the desk.
- **Adjustment range:** max. radius of 150 cm.

Dimensions: 350 x 152 x 87 mm (W x D x H)
Weight: 1.6 kg
Product code: BNECPUFIXR (Slide Rotate)
Product code: BNECPUFIX (Basic)

**Universal QC**

- **Space-saving:** creates more desk space.
- **Protection:** keeps the CPU off the Floor, preventing damage due to cleaning or stray feet.
- **Easily accessible:** accessing power on/off switches, CDs and USB ports.
- **Clean:** away from dust and easier for vacuuming around the desk.
- **One Size Fits All:** applicable for both desktop as for thin clients PCs.
- **Adjustment range:** 40-125 (width) x 225-435 (height) mm.

Dimensions: 223 x 185 x 106 mm (W x D x H)
Weight: 1.7 kg
Product code: BNECPUQC
Everyone has a daily rhythm, which is largely controlled by natural daylight. With conventional artificial lighting this regular stimulation by light is missing and our body’s release of hormones can become confused.

EnergyByLight is not just artificial light, it is biodynamic. Biodynamic light recreates the colour temperature and brightness of natural daylight found throughout the course of a day, controlling the so-called circadian rhythm. Thus, ensuring a balanced day-night rhythm for humans. Even seasonal affective disorder (SAD) is counteracted with biodynamic light, providing us with the light we miss during the darker winter months.

BakkerElkhuizen EnergyByLight

**Perfect light distribution:** combines direct task light and indirect lighting for the surrounding.

**More energy and well-being:** mimics daylight, body produces the right hormones at the right time.

**EnergyByLight app:** simply set the circadian day-night rhythm of your region. (Light can also be operated via app)

- **Dimensions:** 104 x 104 x 385 mm (W x D x H)
- **Weight:** 1.5 kg
- **Product code:** BNEEBL
We experience various types of noise pollution. If the sounds we hear are too loud they can become distracting especially when noise continues over a long period. If you can hear the conversations being held around you or other annoying sounds the ability to focus on work may be negatively affected.

Dimensions: 280 x 410 x 145 mm (W x D x H)
Weight: 640 gr
Product code: BNETSB94501GL
Mouse Pads & Wrist Rests

Wrist rests provide a guide that helps keep the arm, wrist and hands straight. This prevents over extension of the wrist which occurs when the wrist bends beyond neutral. Holding the wrist in this position for an extended period, which happens when typing and using the mouse, is a cause of discomfort and injury. Keeping the wrist off of the cold, hard desk surface also has benefit.

BakkerElkhuizen The Egg Ergo Mouse Pad

Unique design: the Egg-form follows the natural mousing pattern.  
Hygienic: antibacterial surface.  
Comfortable: thermal-insulating top surface keeps your hand away from the cold, hard desk surface.  
Productive: smooth surface provides accurate mouse control.  
Eco: recycled material.

Dimensions: 230 x 2 x 300 mm (W x D x H)  
Weight: 60 gr  
Product code: BNEEMP

BakkerElkhuizen Trapezium Wrist Rest Compact

Unique design: trapezium form follows the natural arm and wrist position.  
Options: for standard or compact keyboards.  
Hygienic: antibacterial technology.  
Comfortable: cushioning gel supports wrists.  
Ergonomic: keeps your wrist in line with hand and arm.  
Size: 13 inches wide for compact keyboard or 19.25 inches for full-size keyboards.

Dimensions: 330 x 80 x 13 mm (W x D x H)  
Weight: 275 gr  
Product code: BNETWRC
BakkerElkhuizen Trapezium Wrist Rest Standard

Unique design: trapezium form follows the natural arm and wrist position.
Hygienic: antibacterial technology.
Comfortable: soft and firm cushioning gel supports wrists.
Ergonomic: keeps your wrist in line with hand and arm.
Size: 49 cm wide is ideal for full-size keyboards (33 cm wide for compact keyboards also available).
Eco: recycled material.

Dimensions: 490 x 80 x 15 mm (W x D x H)
Weight: 490 gr
Product code: BNETWRS

Goldtouch Wrist Rest

Ergonomic: actively support each palm in alignment with the left and right sides of the keyboard.
Fit: ideal used in combination with the Goldtouch keyboard.
Attention: flexibility in positioning of wrist support.
Material: durable gel and smooth lycra.

Dimensions: 170 x 70 x 20 mm (W x D x H)
Weight: 350 gr
Product code: BNEGTWR

Forearm Support

Ergonomic: supports the arms and helps reduce muscular strain in the neck and shoulders.
Symmetrical: extra wide arm support so that the arms are supported both during typing and when using a mouse.
Simple mounting: bracket on the desk top (drilling not required) and two adjusting screws so that the support can be adjusted to the thickness of the desk top (between 10 and 35 mm).

Dimensions: 560 x 220 x 25 mm (W x D x H)
Weight: 2.3 kg
Product code: BNEUASS
